

# Leica iCON CC200

## Field Controller

### Datasheet

#### LEICA iCON CC200 - Your new partner on site!

- i. Large 10" screen size
- ii. Increased performance, ideal for handling large amounts of data
- iii. User-customizable buttons for personalized key commands
- iv. 'Glove' and 'Rain' modes for all weather conditions
- v. Up to 12 hours of battery life
- vi. Anti-reflective (AR) screen
- vii. 'Portrait' mode for supporting special applications

The powerful Leica iCON CC200 field controller with its 10" screen size is your reliable on-site partner, offering longer battery life of up to 12 hours and enhanced comfort. The iCON CC200 is designed to seamlessly handle use cases that involve large amounts of data. When used in conjunction with Leica iCON site or Leica iCON build construction field software, it becomes an ideal solution for all positioning and layout tasks on construction sites, including machine-guided applications.
